

BLOUNT COUNTY DEMOCRAT.

SATURDAY, APRIL 15, 1882.

We invite our town readers, especially, to read our Memphis letter; it is written by a gentleman known to many of our citizens.

Hon. W. A. McTeer has our thanks for late Nashville papers. We see the Maj. is at his post.

We learn that the fruit crop, in the country, is not seriously damaged by the frost.

"Rough on Rats."

Cleats out rats, mice, roaches, flies, ants, bed-bugs, skunks, chipmunks, gophers, &c. Druggist.

Wheat is said to be doing excellent. Never looked better at this season of the year.

Our popular and enterprising Druggists, call the special attention of mothers to Dr. MOFFETT'S TEETHINA (Teething Powders). Anodynes only soothe and lull to sleep; Teethina Cures the child, Regulates the Bowels, and Saves the parents many sleepless nights of care and anxiety.

Mr. Pleasant Hill, of the 8th Dist., met with a sad bereavement, on the 10th, inst., in the death of his oldest daughter, aged 17 years. Mr. Hill has the sympathies of this entire community.

For aged women, weak and sickly children, without a rival. Will not cause headache. Brown's Iron Bitters.

Mr. Jno. Smith, who lives near town, reports he has had early rose potatoes of this year's growth. John bring us in a mess and we will have more to say about your crop.

It is impossible for a woman after a faithful course of treatment with Lydia E. Pinkham's Vegetable compound, to continue to suffer with a weakness of the uterus. Enclose a stamp to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for her pamphlets.

Mr. David Jones is laying brick walks on Main street. This work is being done by order of the taxing district, and when completed will reflect credit on the board.

A true assistant to nature in restoring the system to perfect health, thus enabling it to resist disease, is Brown's Iron Bitters.

We have had some real cold weather this week; fears are entertained it may damage the wheat.

Our numerous new subscribers will excuse our failure to acknowledge receipts. We have been pressed for space, but trust we will be able to enlarge soon, when we hope to devote more space to correspondence at home and abroad.

Skinny Men.

"Wells' Health" Renewer restores health and vigor, cures Dyspepsia, Impotence, Sexual Debility. \$1.

"Old Smokey" presented a white face, Tuesday last.

Complicated Diseases.

A prominent gentleman in Cerro Gordo County, Iowa, writes us that he finds Kidney-Wort to be the best remedy he ever knew for a complication of diseases. It is the specific action which it has on the liver, kidneys and bowels, which gives it such curative power, and it is the thousands of cures which it is performing which gives it its great celebrity. Liquid (very concentrated) or dry. Both act efficiently.—N. H. Journal and Courier.

J. M. Hood & Bro. are now receiving a large lot of Agricultural Implements and have secured the lot adjoining Mr. G. A. Toole, where they will be on exhibition. Make a note of this, farmers.

Faded Colors Restored.

Faded or gray hair gradually recovers its youthful color and lustre by the use of Parker's Hair Balsam, an elegant dressing, admired for its purity and rich perfume.

Mr. A. L. Wells has the largest stock of hand-made saddles ever offered in Maryville, comprising of a great variety of styles, both men and ladies. He invites those who want work in his line, to call and examine his stock and be satisfied that it is cheaper to buy HAND-MADE work than to buy Machine work, even at half price.

We looked into C. Pfanze's warehouse, one day this week; his stock of furniture surpasses anything we have seen in Maryville. He has a parlor set sold to one of our citizens for \$85. Our citizens should call before this lot is taken away.

Messrs. J. M. Hood & Bro. have sold already this season twenty-three improved Cotes' Hay Rakes, seventeen Champion Mowers and two Champion Reapers. The Champion is the machine for farmers to buy.

W. B. Scott, Jr., of the DEMOCRAT, who has been absent some two months or more, writes, from West Tennessee, that he is still improving in health. He says the change of climate has a good effect on his system. He has visited Atlanta and Augusta, Ga., Montgomery, Ala., Nashville and Memphis, Tenn., and will next visit Huntsville, Ala. He will write for the paper, from the South, as soon as his health will admit of it.
